

Electrical Engineer

Bozeman, MT

Energy 1 LLC is hiring an Electrical Engineer to join our team in Bozeman, MT

Energy 1 is a nationally recognized design, construction, and consulting firm specializing in turnkey energy solutions for high-end residential and commercial clients. We deliver engineering, contracting, operations, maintenance, and management services — all geared toward the creation of sustainable energy systems designed to ensure comfort, harmonize with their environments, and optimize cost efficiency.

As part of the Energy 1 team, you will help provide comprehensive electrical engineering services geared to cover all facets of the construction process, beginning with design initiation, through the commissioning of systems.

Specifically, you will:

- Perform engineering/design and drafting (Revit or AutoCAD) of electrical and mechanical systems,
- Perform mechanical system design analysis including, but not limited to, energy consumption and modeling, comparative system life-cycle cost modeling, and energy code compliance verification.
- Produce complete, code compliant project contract documents including drawings and specifications to be used for permitting, bidding, and construction.
- Work closely with owners, architects, contractors, and subcontractors to ensure projects are completed on schedule and within budget.

Qualifications:

- 3-5 years' professional experience in electrical engineering. Project management experience preferred.
- PE license preferred.
- Proficient with AutoCAD or Revit.
- Excellent written and verbal communication skills, and the ability to problem solve and apply critical thinking to time-sensitive situations.
- Able to work independently for an extended time.

We are an energetic and collaborative office, and we value people who work hard, are fun to work with, and have a positive impact on those around them. We offer outstanding benefits and compensation, including a hiring bonus plus relocation allowance. Flexible schedule and family-oriented environment, plus growth potential, all while enjoying boundless outdoor opportunities in two of the most beautiful places on earth.

To apply, send your resume to personnel@energy-1.net.
